

4. Which of the following plane shapes has no vertices?

- (a) Circle                      (b) Triangle                      (c) Square                      (d) Rectangle

5. \_\_\_\_\_ — 18 = 0.

- (a) 0                      (b) 18                      (c) 180                      (d) 18

6. 20 =

- (a) 0 tens + 2 ones                      (b) 2 tens + 0 ones                      (c) 2 tens + 2 ones                      (d) 0 tens + 0 ones

7. What comes in between 89 and 91 ?

- (a) 88                      (b) 90                      (c) 92                      (d) 19

8. 10 + 10 =

- (a) 1 ten                      (b) 2 tens                      (c) 0                      (d) 1

9. The ordinal number name of \_\_\_\_\_ is fifth .

- (a) 5                      (b) 6                      (c) 8                      (d) 10

10. 14 — 6 =

- (a) 2                      (b) 6                      (c) 8                      (d) 20

11. Which of the following cannot be drawn on the paper?

- (a) Line segment                      (b) Point                      (c) Circle                      (d) Ray

12. The smallest unit of measuring weight is

- (a) Gram                      (b) Kilogram                      (c) Milligram                      (d) Tons

13. The currency note which is not used is

- (a) Rs 5                      (b) Rs 10                      (c) Rs 50                      (d) Rs 25

14. Which of the following is a leap year ?

- (a) 1700                      (b) 1800                      (c) 1900                      (d) 2000

15. Which of the following solid shapes have no corner?

- (a) Cylinder                      (b) Sphere                      (c) Cone                      (d) Both a and b

16. If 15 apples weigh 750 g, the weight of each apple is

- (a) 100 g                      (b) 90 g                      (c) 80 g                      (d) 50 g

17. If 5 L of milk is put in a bucket, it gets exactly half-filled. What is the capacity of the bucket?

- (a) 5 L                      (b) 7 L                      (c) 7 L 500 mL                      (d) 10 L

18. How many 25-paise coins will you get in exchange of 10-rupee note ?

- (a) 10                      (b) 20                      (c) 30                      (d) 40

19. The time - Quarter to 11 means

- (a) 11:45                      (b) 10:45                      (c) 12:45                      d) 11:15

20. A cube has \_\_\_ vertices, \_\_\_ faces and \_\_\_ edges.

- (a) 8,3,12                      (b) 8,6,12                      (c) 12,6,8                      d) 8,12,4

## **SUBJECT- SCIENCE**

**FULL MARKS - 15**

1. Woollen clothes are worn in

- a) winter    b) summer    c) rainy

2. We must drink plenty of

- a) tea    b) water    c) milk

3. The meal we eat at night is called

- a) breakfast    b) dinner    c) lunch

4. What is Earth's only natural satellite?

- a) sun    b) mars    c) moon

5. It is a natural thing

- a) sun    b) house    c) bus

6. A house keeps us safe from

- a) friends    b) plants    c) thieves

7. Fish breathe through

- a) eye    b) gills    c) nose

8. We wear cotton clothes in

- a) summer    b) winter    c) rainy

9. It is a water transport

- a) Bus    b) Cycle    c) Boat

10. A plant product

- a) Fruit    b) Wool    c) Silk

11. A fruit that has just one seed

- a) watermelon    b) banana    c) mango

12. We get this from seeds

- a) jam      b) oil      c) jelly

13. It is the food factory of plants

- a) leaves      b) roots      c) stem

14. Fruits that are dried and eaten are called

- a) vegetables      b) dry fruits      c) pulses

15. A place where we can see a number of animals is a

- a) garden      b) park      c) zoo
