The St. Xavier's Emblem- an Elucidation

The emblem symbolizes that education shall be given universal coverage and to all irrespective of cast, creed, colour, language and place of birth (under the ideological influence of the Reverend Patron St. Francis Xavier). It further symbolizes provision of adequate opportunity to the learners to climb the ladder of success and reach the ultimate goal of life. The circle of learning shall come a full round and help the learner to bloom into full-fledged personality.

MESSAGE

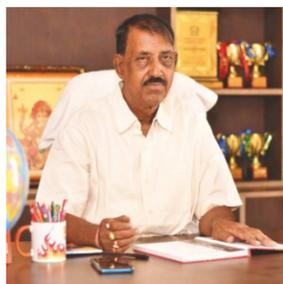

“Stay focused, go after your dreams and keep moving towards your goals.”

Dr. G.S. Pattnaik
(Managing Director)

Managing Director's Message

The Chief architect of the Xavier's Group (3rd Millennium Group), Dr. G.S. Pattnaik holds the office as the Managing Director. Being an acclaimed educationist of national repute, a caring benefactor, and an able captain, he has been most successfully steering the Xavierian ship and exploring all possibilities to spread education countrywide. Education to him, is not confined to text books to make the students simply a crammer but it possesses a wider scope to bring out one's inner talents to good exposure and develop the skill and courage to stand up for one self against all future eventualities. Due to his able guidance, the arena of education has witnessed the advent of renaissance and Xavier's Schools have aptly become the schools with difference.

Mr. Ranjit Singh
(Chairman)

Chairman's Message

Every child is unique. We understand that our students have high potential. We have to surface it and give proper direction. I love the children from the bottom of my heart. I would like to quote my very favourite saying, "Do the best, and forget the rest." Today when there is a razor edge competition at every stage, it is very important that each student learns the lesson of life skills very well. It will help them to move ahead with full confidence and even if one fails one is up on one's feet once again with new hope.

Mr. Sourav Kundu
(Principal)

Principal's Message

St. Xavier's High School, Damodarpur, Bankura plays an important part in the educational scenario of the district. This CBSE affiliated Senior Secondary Co-Educational English Medium School is the role model to so many other private Schools in the district. With ample opportunities to scholastic & co-scholastic activities the school becomes a joy land for the students. Now-a-days what we observe is that sheer brilliance will not make fortune. So we never stress on only academic matters rather we try to find out the latent talents among students and try to guide them accordingly. We never expect that students should be an Einstein or a Shakespeare rather we believe to make the students proper human beings with all filial emotions. Being a stakeholder of CBSE (the largest educational board of the country) we sincerely follow the rules & regulations of the board. We are very much thankful to the people of the district for keeping faith on us and it is more than a decade that the School is going on successfully.

We are the only School in the district which is completely students oriented and each year we take feedback from students about their benefits and problems and we try to mend that gap. The District Administration is also helpful to us but we want more support and co-operation from all the guardians too as we can reach the pinnacle of success and make the district proud.

OUR MISSION

School's role is to help each student come into confident possession of his/her innate talents, improve the skills needed for success in every field, and establish values that will allow him/her to act with thoughtfulness and humanity.

OUR VISION

Our Vision is that the children will leave the school with:

- A set of spiritual and moral values like honesty, integrity, and good judgement.
- A compliment of basic skills- Linguistic, Mathematical, Scientific, Artistic, Physical & Social.
- An enquiry and discriminating mind with a desire for knowledge and wisdom.
- Strong self-esteem and high personal expectation.
- Tolerance and respect for others.

We value the partnership, which exists between school, parents, community, and the part it plays in realizing its vision.

ADMISSION PROCESS

The minimum age for Admission in Bal-Vatika-I is 3 years as on 1st January of the year of Admission. As a proof of age birth certificate from the Municipality must be submitted. Registrations for Classes Bal-Vatika I, II & III starts in the month of November. Admission to Grade I to IX depends upon the efficiency of the child during the entrance test. Every candidate who is registered is given the date and time for the entrance test. In the interest of pupil's attendance, parents are advised to complete all admission /readmission formalities by the end of April every year.

Mere Registration is no Guarantee for Admission

At the time of admission (for Classes I to IX) along with application form, a photocopy of the original Birth Certificate, **photocopy of Aadhar Card, Original Transfer Certificate from the school last attended, counter signed by the Block Education Officer (BEO) and the most recent (original) report card** is to be submitted **along with coloured 4 passport size photos**. Apart from the various prescribed fees payable during an academic year, parents should pay annual charges at the beginning of every academic year.

Admission to Class XI depends upon the CBSE or equivalent Board Results. At the time of admission a photocopy of Aadhar Card, Original Transfer Certificate from the school last attended, Migration if from other board, a photocopy of recent Marksheet is to be submitted alongwith coloured 4 passport size photos

Withdrawal: Parents/ Guardians are not allowed to withdraw their ward in the middle of the session. If situation arises they have to pay full session fee.

SCHOOL CURRICULUM

Bal-Vatika (I to III)

Bal Vatika standards introduced into the schools take children from three years of age after pre schooling of CDC. They then cover three classes from Bal-Vatika I to III. Play way method is used for teaching children of this category.

Forty percent stress is laid on academic management and sixty percent of the total curriculum is earmarked for different activities to generate learning excitement in beginners.

Primary Level (Class I to V)

During the primary level of education, children have to use more of their brain and get an environment to communicate in English. Academic and non-academic activities in this section go at equal proportions.

Middle Level (Class VI to VIII)

Besides reading, writing, pronunciation, and vocabulary, proper care is taken to make the children learn behaviour, manners etiquette, and discipline. Seventy percent stress is laid on academic curriculum, whereas thirty percent emphasis is given to different other activities.

Secondary School Level (Class IX to X)

With reduction in activities as far as possible, adequate care is taken for building up good academic career without neglecting the course of physical education. Linguistic development with particular reference to English is planned by adopting various devices like orientation in grammar, vocabulary, usages, and composition. Hundred percent attention is focused on Academic Curriculum, to ensure the students' success.

Senior Secondary Level (Class XI to XII)

Students during this period are made to be equipped with self-confidence, so that they can choose a good befitting career for themselves and bring credit not only to themselves but also to the school, to their families and to the nation as a whole. Discipline is emphasised from the very beginning and mock intervals to develop the same.

Evaluation And Examinations:

The Examination takes place in two terms: Term I and Term II of 100 marks each. Each Term is divided as Term (60), Unit/Periodic Test (20), Internal Assessment (20). For Secondary and Senior Secondary the Examinations take place as per the guidelines and format of CBSE.

INFRASTRUCTURE & FACILITIES

At St. Xavier's High School, we take pride in providing a dynamic and nurturing learning environment equipped with modern infrastructure and holistic facilities designed to promote academic excellence, creativity, and all-round development.

Small Learning Communities: Personalized attention through small learning groups ensuring effective student-teacher interaction.

Classrooms & Laboratories: Spacious, well-ventilated, and technology-enabled classrooms supported by state-of-the-art Science and Computer Laboratories.

Outdoor Learning Zones: Engaging open-air spaces that encourage exploration, hands-on learning, and environmental awareness.

Qualified Faculty: A team of well-qualified, experienced teachers and competent administrative staff committed to excellence in education.

Activity Zones: Dedicated areas for Library, Dance, Music, Art, Yoga, and Meditation, fostering creativity, mindfulness, and cultural expression.

Sports Facilities: Well-maintained grounds and courts for Football, Cricket, Handball, Badminton and Volleyball, along with indoor games like Chess, Table Tennis, and Carrom, under the guidance of skilled physical trainers.

Digital Learning: Smart Classes and digital learning tools integrated to make education interactive and future-ready.

Wi-Fi Enabled Campus: Seamless connectivity across the campus for enhanced digital engagement.

Transport Facility: A fleet of well-maintained school buses ensuring safe and timely transportation for all students.

Security: Round-the-clock security with strict surveillance for the safety and well-being of every child.

Skill Development: Opportunities to enhance communication skills through regular participation in Extempore, Debates, Speeches, and Quiz Competitions.

Value Education: Emphasis on inculcating noble, moral, and aesthetic values to nurture responsible and compassionate citizens.

Parent-Teacher Collaboration: Regular Parent-Teacher Meetings for open dialogue, feedback, and shared responsibility in the child's progress.

Teachers' Orientation

The group does not believe that induction of teachers with brilliant academic achievements and long experience can alone elevate the academic standard of schools. Time to time training and orientation programmes can equip the teachers with the modern techniques and fresh invented methods, which would ultimately be instilled among the students for their intellectual growth. Renowned Academicians with vast experience conduct the Orientation programmes and train the teachers. A congenial working environment with recreation needs to be provided in order to generate new spirit in teachers and develop in them a sense of attachment.
